

BE SAFE BY STAYING SAFE

REGIONAL RAIL LINES

Travel Tips

DON'T GAMBLE WITH YOUR SAFETY

- Stay **BEHIND** the yellow line on the station platform – Don't move to the edge until the train has come to a complete stop
- Be alert for Express and Freight trains – don't assume every train is stopping at your station. Check train destination signs or line map for details
- Read the instructions posted in each car so you'll know what to do in the event of an emergency. Be **ALERT** for instructions from the train crew or authorized personnel
- **NEVER** attempt to board or exit a moving train. Avoid the risk of serious injury – or worse – there will be another train shortly
- **DON'T** attempt to open the train doors. Doors are held tightly closed for a reason – to keep you safe
- **DON'T** hold the doors open and always make certain your bags and clothing are clear of closing doors
- **DON'T** pass between the cars when the train is moving – if you want to change cars wait until you arrive and stop at a station

SHARE THE LOVE

- **ALWAYS** hold onto your children's hand when waiting on the platform
- Don't let your children wander around the station platform or in the track area

STAND YOUR GROUND

- If you're standing while you ride, **HOLD ON TIGHT** to the seat handles
- Don't lean against the doors – move into the car and keep the exits clear for customers getting on and off

A STEP IN TIME

- Take your time stepping on or off trains. Use the hand rails to assist you
- **ALWAYS** be aware of the gap between the train and the station platform
- Watch your step closely and make sure you have firm footing when getting on or off
- Let the passengers exit the train before you attempt to board

SEPTA MAKES YOU AN OFFER

Operation Lifesaver is an excellent, free, safety presentation program designed to reach out to schools and community organizations to instill a healthy attitude toward safety around railroad and trolley tracks.

Our facilitators customize the presentation to suit the needs of the audience in terms of age, culture, and location. Call us at (215) 580-7800 for more information or to schedule a presentation
